

**Subscribe to Wilson's
student newspaper,
The Beacon!**

Wilson news from the student perspective is available via The Beacon, an extra-curricular, student-run newspaper. **It is distributed for free** to all students monthly.

The newspaper offers subscriptions to those who don't receive the hard copy from their student every month. A subscription means guaranteed delivery of the student paper to your email inbox on the day the paper comes out. You will receive the same PDF that Beacon staff sends to the printer, so your "paper" will include every photograph, story, and design element that students receive. But you don't have to go to school.

Beacon subscriptions are "sold" on a donation basis, which helps pay for printing and equipment costs. The school does not contribute. Advertising is increasingly hard to sell. Your contribution **in any amount** is greatly appreciated.

Please send a check (and the info form below) made payable to The Wilson Beacon to:
