

## SMALL DIAMETER WATER MAIN REPLACEMENT PROJECT Appleton Street NW and Albemarle Street NW

### OVERVIEW

DC Water will replace existing 12-inch and smaller cast iron water mains in various locations throughout the city as part of its Capital Improvement Program. These efforts will improve water quality and system reliability, increase water pressure in some areas, and maintain adequate flows throughout the system. Construction for this project will occur on Appleton Street NW between 38<sup>th</sup> Street NW and Connecticut Avenue NW, also on Albemarle Street NW between 38<sup>th</sup> Street and Reno Road NW.

### SCOPE OF WORK

- Installation of approximately 4,100 linear feet of 8 inch water mains
- Replacement of service lines (lead and/or other) in public space, as needed
- Replacement of fire hydrants and valves

### SCHEDULE

- Estimated construction start: July 2014
- Estimated construction completion: September 2014
- Normal Work hours for: Appleton Street NW, 38<sup>th</sup> Street NW and Albemarle Street NW from 8:30am – 5:00pm
- Normal Work hours at the intersections of: Reno Road NW, 36<sup>th</sup> Street NW and Connecticut Avenue NW from 9:30am – 3:30pm
- Contractor may work at night or on weekends (Saturdays 7:00am – 7:00pm) dependent upon other construction activities as needed or inclement weather.

### IMPORTANT INFORMATION

- If a planned temporary water service shut-off is necessary, affected residents will be notified 48 hours in advance. Service interruptions will be minimal.
- Construction may cause temporary discolored water or low water pressure. If you experience discolored water, flush cold water taps for 15 minutes. If water does not clear, contact the DC Water Drinking Water Division or 24-Hour Emergency/ Command Center.

### TRAFFIC PLANS

- Lane closures may be required daily with approved traffic plans by the District Department of Transportation (DDOT).
- At various times during construction, “No-Parking” signs may need to be placed in certain areas in and around the job site. Notifications regarding “No-Parking” zones will be posted 72 hours prior to construction, as required by DDOT.

### PARTNERS

DC Water is currently working closely with DDOT to ensure minimal disruption during this project. Regular updates will also be provided to affected Advisory Neighborhood Commissions.
